About Calligraphy Nibs:

View this page to learn about the range of Calligraphy nibs available on the market. Find out about their different uses and which are most suitable for your purposes. Please note we do not stock all of these nibs but if you purchase one of our nib sets, it will include five of the most popular nibs.

About Inserting the Nibs:

Please note nibs are inserted AGAINST the shaft (the edge of the pen) not in the middle between the grooves. This will hold them securely in place whilst writing.
